

Acute Care Donning Training Checklist

Suspect/Confirmed EVD Cases and/or Care Environment Coveralls with Integrated Hood and Socks

This checklist is designed to assist with training healthcare workers (HCWs) on the correct donning of personal protective equipment (PPE) for suspect/confirmed cases of EVD and their care environment. **Please Note: This is a sample checklist** that may need to be adapted to meet relevant standards of practice and/or specific manufacturer's user instructions for variations of approved PPE. The tool can be used to verify and document that all necessary donning steps are performed and in the proper sequence. Any errors or omissions identified during practice and skill proficiency demonstrations must be communicated immediately, to ensure specific instructions are provided and so appropriate corrective action are taken for the protection of the HCW.

Note: Establish clearly defined zones (e.g., hot, warm, and cold) and protocols to prevent and control secondary contamination during doffing.

Before you begin, instruct HCW(s) to don point-of-care scrubs and appropriate inner footwear (not required when outer footwear is to be worn), hydrate, tie back long hair and secure in place, and remove personal items such as hand and wrist jewelry. Gather and inspect PPE carefully. Ensure that the correct size is selected and that the PPE is in good sanitary and working condition. Damaged or defective PPE should not be used.

TRAIN.	PRAC.	PROF.	DONNING PPE PROCEDURE		COMMENTS (May include size of PPE)
<input type="checkbox"/>	<input type="checkbox"/>	<input type="checkbox"/>	1 	Perform hand hygiene: <ul style="list-style-type: none"> <input type="checkbox"/> Use alcohol-based hand rub (ABHR) or soap and water <input type="checkbox"/> Allow hands to dry completely before putting on any PPE 	
<input type="checkbox"/>	<input type="checkbox"/>	<input type="checkbox"/>	2 	Put on inner gloves: <ul style="list-style-type: none"> <input type="checkbox"/> Extend cuffs as far up arms as possible <input type="checkbox"/> Adjust and verify proper fit of PPE 	
<input type="checkbox"/>	<input type="checkbox"/>	<input type="checkbox"/>	3 	Put on single-use (disposable) impermeable coverall (not including hood at this time): <ul style="list-style-type: none"> <input type="checkbox"/> Select coverall large enough to allow unrestricted freedom of movement <input type="checkbox"/> Ensure cuffs of inner gloves remain tucked under sleeves <input type="checkbox"/> Sit on clean chair, as needed 	
<input type="checkbox"/>	<input type="checkbox"/>	<input type="checkbox"/>	4 	Put on impermeable outer footwear and/or foot coverings: <ul style="list-style-type: none"> <input type="checkbox"/> Select an appropriate layer of outer footwear and/or foot coverings (e.g., water-proof boots, disposable non-slip boot/shoe covers) to wear over the coverall socks for foot protection and/or as an additional barrier to facilitate doffing in the hot zone <input type="checkbox"/> Adjust and verify proper fit of PPE
